This is time designated for Council members to receive public comment on issues which are not already included on the agenda. Public comment regarding items already on the agenda may be open prior to the committee's discussion of the agenda item and before any action is taken on the agenda item. The Council asks that comments are kept to two minutes in fairness to all who wish to speak. Members of the public may, but are not obligated to, provide their names or personal information as a condition of observing or participating in the meeting. When signing into the Zoom platform, participants may be asked for their name and email address. Participants who choose not to provide their names will need to provide a unique identifier such as their initials or another alternative, so the meeting moderator can identify individuals who wish to make public comment.
